DANSANI.CO.UK

Create your personal space

When choosing Dansani you will get

- Assurance in selecting a bathroom expert with more than 35 years of experience
- Danish Design and solid craftmanship manufactured in Denmark
- Led illumination of high quality, because we prioritise excellence and precision in our lighting
- Sustainable products in order to protect and care for our environment
- Easy and fast delivery

Danish design is our cultural heritage

Danish design is more than beautiful shapes. It is a philosophy that embraces functionality, simplicity, naturalness and an aesthetically based approach to life. It is a living foundation which you can develop and shape based on your own personality.

The basis for our solutions is the life that is lived around our designs. Our products must allow you the space and freedom to create the surroundings that you desire.

We see the bathroom as an important room in all homes, and the design must be in line with other interiors of that home. Therefore, our most important task is to create solutions that open the way for you to make life - with all aspects involved - easier and more beautiful, also more meaningful.

Did you know that

- good lighting means betterquality of life
- putting on make-up and shaving are much easier in good lighting
- your circadian rhythm is affected less with the right lighting

CE

Well-being and harmony with correct lighting

Light plays a vital role when it comes to our health and well-being, and it has been scientifically proven that good lighting increases our quality of life. Therefore, we ought to be critical and quality-conscious when we select lighting for our homes. Because artificial illumination is not always good lighting.

A comfortable colour temperature and a high level of colour representation

Basically, it is all about finding a comfortable light, as close as possible to sunlight, so that the colours of materials and people are reproduced in a varied and natural way.

At Dansani, we focus on offering our customers well-being and contributing to a good indoor climate, and that is why we deliver products with LED lighting of the highest possible quality. If you choose a mirror solution with light adjustment function, you can adjust the lighting in your bathroom according to your needs and circadian rhythm. The mirrors and mirror cabinets from Dansani have an integrated touch panel with an on-/off-function, a dimming function as well as light adjustment function from warm and golden to the coldest white light. With a Ra value of more than 90, you get a very high level of colour representation for all colours in the range. Amongst other things, this means that red colours and skin tones are reproduced correctly which is important when you apply your makeup, for example.

Homogeneous light

If you buy your lighting from Dansani, you do not need to worry about quality and colours of the light. Our LED light fittings are Blacked applying high quality levels, that ensures that all LEDs in your lights emit a homogeneous light and offer the same correct colour reproduction, no matter the light model and position.

Illuminate the entire room

With the lighting collections from Dansani, you can create uniformity throughout the bathroom interior design by using ceiling spots and pendant lights that match the light fittings of your mirror solution. All our lights are designed for the bathroom and they are approved for use in wet rooms in accordance with the standard IP44.

On the photos above, you can clearly see the difference in colour reproduction with a Ra value of 95, 70 and 50, respectively.

The light control touch panel allows you to choose the light colour and intensity

Micro Menuet basin 208.- Art. no. 534404003 /
Vanity unit 376.- M01-2237 / **Level mirror** 307.- Art. no. 94040

Make small rooms big

Make the most of the wall space above the toilet for extra storage by using wall cabinets or a mirror cabinet that makes the room seem bigger and allows you to look at yourself in the mirror from various angles. Use shelves for storing bits and bobs.

The small Micro Menuet basin is only 27 cm deep, so it is perfect for a small, narrow bathroom or guest ensuite. The basin is reversible, so you can place the tap fitting on the right or the left, which means it is flexible in a small space.

Short projection basins for narrow rooms

Our short projection basin models from the Minore and Menuet series with small widths and narrow depths fit perfectly in small bathrooms, ensuring that you get as much work and cabinet space as possible.

80 cm - Black rubber, integrated handle

Mini Minore basin 414.- Art. no. 337208203 / **Vanity unit** 1,246.- Art. no. M03-2037 /

DISCONTINUED

Optional extra's: Wall cabinet 264.- Art. no. M23-1125 / **Slim handle** 17.- Art. no. 189542043 / **2 Jupiter ceiling light** 168.- Art. no. 190302850

Don’t be limited by lack of space

Just because a room is small, it doesn’t mean that you have to compromise on storage space. In a small bathroom, it’s a good idea to use wall space rather than room space. Use a narrow, tall vanity unit to create plenty of storage space in the bathroom without using up a lot of floor space. You can get vanity units with a width of up to 100 cm.

160 cm - Driftwood, integrated handle

Sonate basin with worktop 1,197.- Art. no. BS08-043 / **Vanity unit** 1,541.- Art. no. M09-2036 / **Base unit** 1,541.- Art. no. M20-2036 / **Corona mirror** 382.- Art. no. 94260

Optional extra's: Shelf 53.- Art. no. NHS-351710 / **Shelf** 57.- Art. no. NHS-501710

Interior design in rooms with sloping walls

If a sloping wall is limiting your choice, you can create an asymmetric interior design with our countertop basins in order to utilise space and create an optimal solution for standing upright in front of the basin and the mirror. Utilise the wall space by using shelves by the mirror.

80 cm - Brown oak

Arc basin 414.- Art. no. 531508003 / **Vanity unit** 792.- Art. no. M09-1052 / **2 Base handles** 46.- Art. no. 189547328 / **Soft mirror** 366.- Art. no. 94180 / **2 Jupiter lights** 152.- Art. no. 190303887

Optional extra's: Base unit 303.- Art. no. M26-1152 / **Worktop** 71.- Art. no. TP1 / **Base handle** 17.- Art. no. 189547228 / **Flexible shelf** 98.- Art. no. 190304370 / **Kvika towel rail** 527.- Art. no. 8112022 / **LED downlight to floor** 206.- Art. no. UL80

The new and beautiful Arc porcelain basin has soft shapes and the slightly curved front edge offers a contrast to the straight drawers.

Use the walls for storage

Bathrooms rarely offer a lot of wall space so if you'd like to prioritise storage space, you can go for a shorter basin and use the wall height instead. Choose a spacious tall cabinet and place a wall cabinet above the toilet or the heater.

100 cm - White gloss

Menuet basin 656.- Art. no. 534110103 / **Vanity unit** 880.- Art. no. M15-1012 / **2 Base handles** 46.- Art. no. 189547343 / **Style mirror cabinet** 735.- Art. no. S580-212 / **2 Jupiter lights** 152.- Art. no. 190303880

Plenty of storage space in narrow rooms

If you have a narrow room with a large wall, it's a good idea to use the wall space in a creative way. If you'd like to have plenty of storage space, you can choose a shorter basin that leaves more space for base units, tall cabinets, wall cabinets and shelves. In this way, everything you need will be at hand.

80 cm - White matt lacquer, integrated handle

Arc basin 414.- Art. no. 531508003 / **Vanity unit** 1,295.- Art. no. M14-2071 / **Soft mirror** 366.- Art. no. 94180 / **2 Jupiter lights** 152.- Art. no. 190303880

Optional extra's: Tall unit 987.- Art. no. M24-2171 / **Wall cabinet** 448.- Art. no. M23-2271 / **Wall cabinet** 448.- Art. no. M23-2171

100 cm - Black matt, integrated handle

Kantate basin 656.- Art. no. 531910103 / **Vanity unit** 880.- Art. no. M15-2064 / **Level mirror cabinet** 1,163.- Art. no. S570-264

Optional extra's: Tall unit 620.- Art. no. M24-2264 / **Tall unit** 620.- Art. no. M24-2164 / **LED downlight to floor** 206.- Art. no. UL100 /
LED lighting profile for use underneath basin 185.- Art. no. LR10044 / **Hydra towel rail** 329.- Art. no. 8114022 / **2 Jupiter ceiling light** 168.- Art. no. 190302852

The Kantate basin is also available without taphole. Also in 100 cm size the basin has 2 bowl width options - for one or two taps.

Everything you need after the shower within reach

Use tall cabinets to create plenty of storage space, for example for your towels and your underwear, so that you always have everything you need after the shower within reach. Choose internal LED lighting that gives you a good overview and creates an exclusive look. Some tall cabinets are available with functional accessories such as moveable and easily accessible laundry baskets and wooden trays for the inside of the door. You can remove each tray and take it along to the mirror. For even more storage options in the tall cabinet, you can also choose a handy pull-out drawer which is discreetly located behind the door.

80 cm - White matt lacquer, integrated handle

Kantate basin 414.- Art. no. 531908003 / **Vanity unit** 1,295.- Art. no. M09-2071 / **Corona mirror** 435.- Art. no. 94270

Create more space in the drawer using tall vanity units at the same price

Without paying extra, you can choose an extra tall vanity unit with a drawer at the bottom that offers practical storage space for cleaning materials and other tall bottles. Keep all your things neat and tidy by using the tall, moveable wooden tray that fits into the drawer.

120 cm - White matt

Largo double basin 854.- Art. no. 530441607 / **2 vanity units** 1,400.- Art. no. M13-1010 / **2 Push-open** 268.- Art. no. PO2SK / **Level mirror** 600.- Art. no. 94020

Creative storage space solutions for your bathroom

Dansani Luna offers you the option of even more storage space and maximum use of all walls and recesses in your bathroom. You can furnish “dead space” below the window, above the toilet and behind the door with cabinets, shelves and other accessories. You come up with the ideas and Dansani Luna fulfils your needs.

Which basin suits your needs?

Solid and practical or sculptured countertop

Modern basins tickle all senses. The basin models from Dansani Luna are available in a wide range of looks, styles and materials. You can choose between many different standard sizes and basin solutions with a length of up to 275 cm.

80 cm - White matt, integrated handle

Marcato basin with worktop 937.- Art. no. BM02-043 / **Vanity unit** 792.- Art. no. M09-2043 / **Level mirror cabinet** 1,077.- Art. no. S578-243

Optional extra's: Tall unit 620.- Art. no. M24-2143

Interior design with countertop basins

Use our countertop basins and worktops to use the potential of the room to the fullest, and choose between one or more basins and a position on the right or the left side. At the same time, you get a stylish and alternative solution that fits in both big and small rooms.

160 cm - Grey matt

Suitable work area at the basin and the mirror

If you have space for a wide basin, you actually have plenty of wall space above the basin as well, so why not use this space to the fullest by hanging a large mirror or a spacious mirror cabinet with lots of storage space behind the doors. Choose from our wide selection of single and double basins, and combine the units however you like.

120 cm - White matt, integrated handle

Menuet basin 712.- Art. no. 534212103 / **Vanity unit** 1.012.- Art. no. M16-2043 / **Style mirror cabinet** 941.- Art. no. S583-243 / **Stratos light** 214.- Art. no. 190303903

Optional extra's: Thermal towel rail 205.- Art. no. 8108011

Pleasant light effect and a good overview. You can choose internal LED lighting for some mirror cabinets. As a standard, all mirror cabinets come with a magnifying mirror, a magnetic holder for scissors and files, a moveable metal shelf and a socket with a switch.

120 cm - Grey rubber, integrated handle

Menuet double basin 854.- Art. no. 534812203 / **Vanity unit** 1,586.- Art. no. M12-2067 / **Level mirror** 600.- Art. no. 94020

Optional extra's: Tall unit 987.- Art. no. M24-2267 / **2 tall units** 1,974.- Art. no. M24-2167 / **Thermal towel rail** 235.- Art. no. 8114011

200 cm - Ash grey

Marcato double basin with worktop 1,804.- Art. no. BM13-043 / **2 vanity units** 1,760.- Art. no. M10-1098 / **2 push-open** 268.- Art. no. PO2SK / **2 Level mirrors** 934.- Art. no. 94080

Optional extra's: 2 base units 1,400.- Art. no. M19-1098 / **Worktop** 590.- Art. no. 337060043 / **2 Jupiter pendant lights** 168.- Art. no. 190302840 / **2 downlights to floor** 412.- Art. no. UL100 / **Make-up mirror** 188.- Art. no. 190304360

For our double basins you can choose one or two vanity units, depending whether you'd like to have two or four drawers. Use the functional accessories, such as wooden trays and LED lighting in drawers and cabinets, to keep your drawers tidy and enjoy a pleasant atmosphere when using the bathroom at night.

120 cm - Nordic oak

Minore double basin 1,042.- Art. no. 337112203 / **2 vanity units** 1,400.- Art. no. M13-1025 / **4 Base handles** 92.- Art. no. 189547343 / **Level mirror cabinet** 1,565.- Art. no. S573-225

Create space for more with a double basin

If you’ve got the width, we’ve got the basin. So why not use the space to the fullest by choosing a double basin. Two basins allow more household members to get ready for a new day and leave the house at the same time. Choose between a wide range of solid or countertop basins. You can combine them with our extra tall vanity units to get the maximum out of the wall space.

120 cm - White matt lacquer, integrated handle

Edge double basin 854.- Art. no. 531402003 / **Vanity unit** 1,586.- Art. no. M12-2071 / **Style mirror cabinet** 1,129.- Art. no. S583-271 / **Stratos light** 282.- Art. no. 190303904

For those who like to share lots of space

If you need basin space, a 160 cm long double basin is the ideal solution. Choose between our models Kantate and Minore. You each get “half” of the bathroom, including your own basin, drawers and a spacious tall cabinet.

You can also stretch even further and go for countertop basins and worktop solutions with a length of up to 275 cm.

Use the shape of the room by using worktop solutions

Furnish your bathroom in a flexible way and consider the shape of the room an opportunity rather than a limitation. As an example, you can use the space underneath the sloping wall or the entire width of a wall using a wall-to-wall solution. Choose between various standard sizes or get a bespoke worktop solution that fits the off-square room angles and your bathroom perfectly. Use our worktop solutions along with one or more countertop basins or even without a basin as a sideboard or a shelving unit.

Stand upright in front of the mirror despite the sloping walls

Use our Luna worktop solutions to use the options within the room to the fullest and go for asymmetric solutions where the basin is positioned on the right or on the left. This is particularly practical in rooms with sloping walls. In this way, you'll also have sufficient space for your mirror solution above the basin, allowing you to stand upright by the mirror despite the sloping wall.

+ Furnishing tip

Use the elegant towel holder in the bathroom or move it into the bedroom as an extra clothes stand.

200 cm - White matt

Canto basin 576.- Art. no. 530506103 / **Vanity unit** 792.- Art. no. M09-1010 / **Base unit** 792.- Art. no. M20-1010 /

Functionality from wall to wall

Using the whole room is easily done with Dansani Luna. Here, we've combined two base units with worktops on top and bottom to obtain a stylish and functional wall-to-wall solution. So even if you've got sloping walls, you can easily create more space, at the same time using the width and the depth of the room to the fullest.

Make yourself a makeup area

Break the rules and try out some new interior design ideas for your bathroom. You can furnish the whole room with Luna modular units, and why not add a practical makeup area that creates a hint of luxury in your bathroom and offers space for extra well-being and personal creativity.

Use an elegant and functional makeup mirror with lighting to get close to all the details on your face, when applying your makeup, shaping your eyebrows etc.

Your personal space

Use a long worktop to create your own individual space. It also offers the option of setting up a practical makeup area which you can furnish with a nice mirror. Choose between a single basin or two basins next to each other for your worktop. The Canto basin, made of sanitary porcelain, is based on a thought-out design that offers plenty of space, for example making sure that the soap dispenser is within easy reach and close to the tap so that you avoid water and soap dripping onto the worktop.

240 cm - Grey matt

Add a hint of colour to your bathroom

If you'd like to add extra personality to your bathroom by choosing an unusual solution, use colour to create a unique look. Colours influence our senses and our perception of the room that we're in. They can have a calming and stimulating effect but they can also make us feel agitated and restless. For this reason, it's important that you choose one or more colours that appeal to you so that you can enjoy your bathroom units for many years to come.

STEP 1

Basins

Solid and practical basins

Solid basins from the Dansani Luna series are available in various sizes and depths, allowing you to furnish both big and small bathrooms. All models are made of durable and cleaning-friendly materials. Choose between single or double models made of various materials.

Menuet / Sanitary porcelain
A modern classic with a timeless design. Available in several sizes and in particular Micro and Mini are well-suited for smaller bathrooms.

Kantate / Sanitary porcelain
A timeless and minimalist basin with a modern and slim design. Straight lines and an oval basin with plenty of work space all around it.

Arc / Genuine sanitary porcelain
The soft shapes of the curved front edge of the basin and the rounded shape of the bowl radiate a friendly and accommodating design

Edge / Sanitary porcelain
The shape is classic in a very simple and angular look with no distracting elements. The basin is made of thin porcelain with a polished surface appearance. The basin has a generous bowl and is therefore also practical.

Minore / Solid Surface
The basin has a slim, light design and a matt white finish. The deep, rectangular bowl has rounded corners. Available in two depths, where Mini is perfact for smaller bathrooms or shower rooms.

Largo / Glass
Modern, sophisticated design where the soft shapes and glass material make it very easy to clean. Suitable material for a bathroom. The matt grey colour radiates elegance together with the slim look and soft basin design.

Sculptural and countertop

This is a unique and completely different design but also a beautiful solution that offers you lots of combination options. Choose between centred, asymmetric and double solutions.

Sonate / Solid Surface
An oval design with a touch of romance. The distinctively thin outer edges make up a strong contrast to the soft inner shape. Positioned on a Solid Surface worktop, the basin is suitable for wall-hung or worktop brassware.

Marcato / Solid Surface
Square, minimalist basin with a stringent design where the sharp edges offer plenty of space for the basin. Positioned on a Solid Surface worktop, the basin is suitable for wall-hung or worktop brassware.

Canto / Sanitary porcelain
Modern, square design with stringent lines. Positioned on a wooden worktop, the basin is suitable for wall-hung or worktop brassware.

Sanitary porcelain / Soft, rounded edges with a glossy and extra robust surface
Sanitary porcelain is a strong, ceramic material that features a soft and rounded design on all edges, both in the basin and on the worktop. The surface is hard, smooth and glossy, and the rounded edges make it very easy to clean. Basins made of sanitary porcelain require only a minimal amount of maintenance – even after many years of use. Don't use abrasive cleaning materials for this basin.

Glass / Innovative material with a matt surface and an aesthetic, thin design
Glass basins are made of a strong and cleaning-friendly glass material that makes them particularly suitable for everyday use in the bathroom. Along with the thin design, the matt material surface creates an aesthetic, minimalist and velvety-soft look. The glass basin is easy to clean. Use standard cleaning materials for the bathroom and avoid abrasive materials.

Solid surface / Slim, stringent lines in a minimalistic design with a matt and silky-soft surface
The strong Solid Surface material features a matt and silky-soft surface which is pleasant to the touch. The ultra-slim design adds a minimalistic expression to this basin, offering a perfect finishing touch to your vanity unit. You can easily clean your Solid Surface basin by using standard cleaning materials for the bathroom. In addition, we recommend using the Dansani care product for matt surfaces three times a year. Smaller damages can be repaired.

The basins come oversized in all widths, providing extra protection for the sides of your bathroom cabinets. See also the installation guide on page 118.

STEP 2

Vanity units

Furnish the room according to its size and your needs

The vanity units from the Luna series adjust to fit any room. If you need a wide basin for the whole family, you can choose a cabinet solution with two or four drawers. If you only have space for a shorter basin, you can choose an extra tall vanity unit and utilise the wall space below the basin. If your bathroom is narrow, you can prioritise floor space by choosing a solution with short projection vanity units.

Identify the needs of your family and furnish your bathroom accordingly. Remember that your needs will change over time in pace with the youngest family member growing older. Think ahead as well.

Find out more about accessories on page 92 and in the price list.

Integrated handle

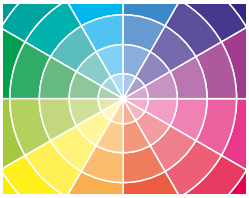
Bespoke colour matt lacquer
Integrated handle



Bespoke colour

You can choose whatever matt colour you like from two different colour palettes: NCS standard colours or RAL Classic. You just have to pay a start-up fee of £ 154.-, payable only once for each colour, no matter how many products you order. Please note that a colour code can look different depending on brand, materials, finish and light. For this reason, we recommend that you choose a colour in cooperation with your retailer.

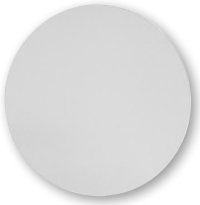
STEP 4

Mirror solutions and lighting

With Dansani, you can choose between a range of mirror solutions with LED lighting or beautiful lamps. Our mirror cabinets feature lots of practical functions and you can add functional accessories and lighting. See more on page 88 and in the price list. All mirrors are delivered with wall brackets.

Soft
The rounded corners of this mirror soften the sharp and edgy look, and the comfortable height offers a large viewing area. Add one of the three beautiful LED lamps Venus, Jupiter and Stratos or anti-mist pad to reduce mist build-up. Find out more on page 88.

Level
A beautiful mirror with extremely good work light for applying makeup etc. The elongated light areas at the top and bottom add an ambient light effect above the mirror and pleasant lighting onto the basin.



OPTIONAL ANIT -MIST PAD FOR 75/90 CM

Corona
An elegant mirror with a circular design and a corona effect from the in-built LED lighting that underlines the shape of the mirror and illuminates the wall with a soft and evocative light.

Level
The fantastic design behind this mirror cabinet, featuring light areas at the top and bottom, offers good lighting inside the mirror cabinet but also perfect work light at the mirror and the basin.

Style
This simple and minimalist mirror cabinet offers large mirror surfaces and perfect work light from one of the beautiful LED lamps Venus, Jupiter or Stratos which you can choose for your cabinet. Find out more on page 88.

Ambi
A mirror cabinet with a harmonious and beautiful design featuring vertical LED lighting at the front on the sides which also illuminates the inside of the cabinet when the doors are open. If you'd like more lighting for your mirror cabinet, you can add Venus, Jupiter or Stratos LED lamps. Find out more on page 88.

ICON GUIDE

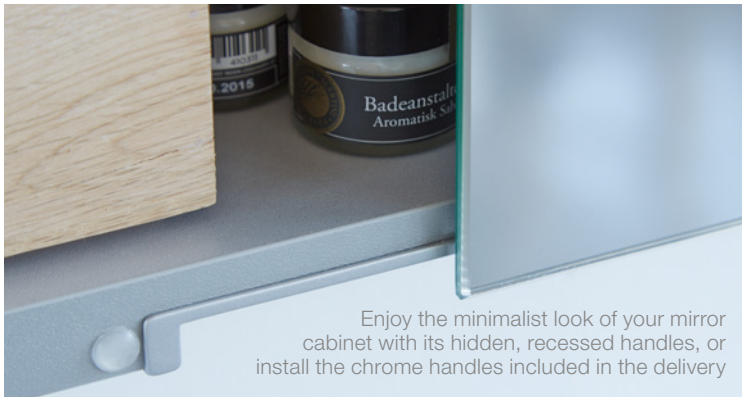
Functional details and smart LED lighting for mirrors and mirror cabinets

With Dansani, a mirror is not just a mirror. Our mirrors and mirror cabinets offer thought out functional solutions.

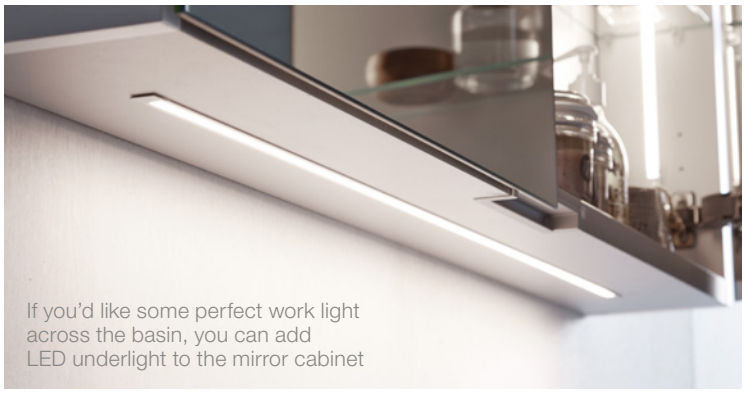
Our lights provide excellent task lighting for make-up application as well as shaving. This enables you to focus on the details. Furthermore our light solutions provide indirect lighting to the room adding that all important finishing touch.

Adjust the light to suit you
Most of our mirrors and mirror cabinets are equipped with an integrated touch panel with on/off function as well as, enabling you to adjust the intensity of the light and adjust the colour from golden warm to cool white.

Ensure perfect lighting for your mirror solution by choosing from lamps in various design featuring high level of light quality and correct colour reproduction



Enjoy the minimalist look of your mirror cabinet with its hidden, recessed handles, or install the chrome handles included in the delivery



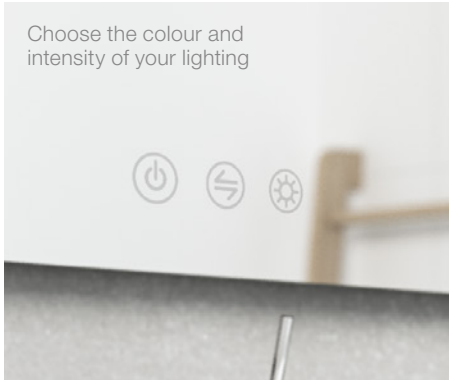
If you'd like some perfect work light across the basin, you can add LED underlight to the mirror cabinet

Delightful standard accessories for the mirror cabinet such as a magnifying mirror, a metal shelf and a magnetic holder for scissors and files

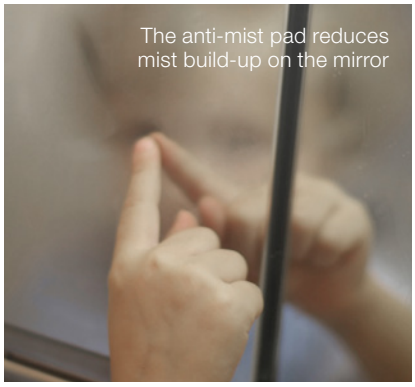
You can choose a wooden tray with a metal organiser and an extra metal shelf

Look at yourself in the mirror from all sides and angles with double-sided mirror doors on the mirror cabinets

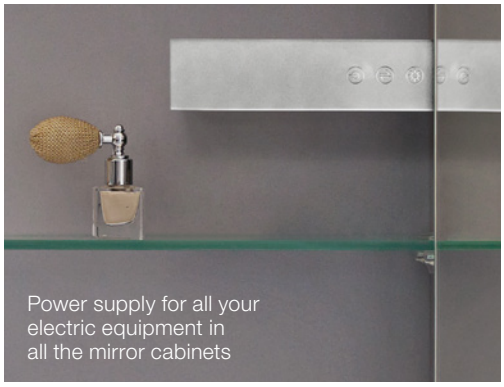
Get a good overview and create a pleasant light effect with internal LED lighting in your mirror cabinets



Choose the colour and intensity of your lighting



The anti-mist pad reduces mist build-up on the mirror



Power supply for all your electric equipment in all the mirror cabinets

You can position the round magnifying mirror wherever you'd like.

Light up the bathroom by using ceiling lamps and pendant lights that match your mirror lighting

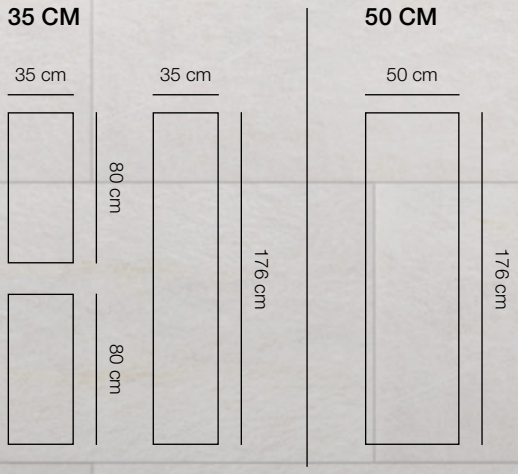
STEP 5

Cabinets

When choosing cabinets for your bathroom, it's a good idea to start by deciding on how you'd like to use the space available in the room and finding out which items you'd like to store in the bathroom. The Luna series offers a wide range of options when it comes to creating storage space and furnishing a flexible bathroom. The choice of cabinet size and model allows you to try out various combinations, while at the same time using wall space to the fullest.

Find out more about accessories on the next page and in the price list.

OPTIONS



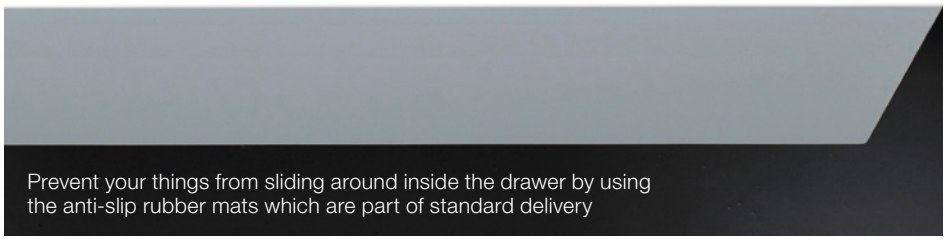
Accessories

Keep everything tidy and add atmosphere with functional accessories

Make sure that your cabinets and drawers are always tidy by using enjoyable accessories that increase your user experience and makes it easy for you to keep the bathroom nice and clean.

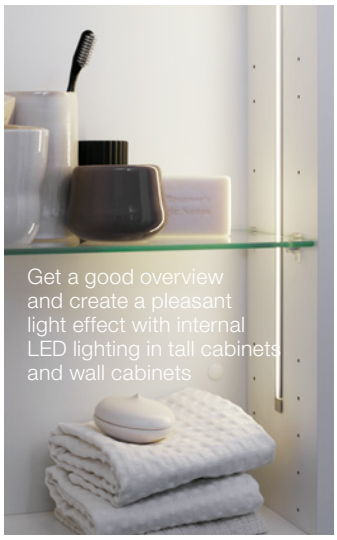
Keep things tidy and utilise the space in your drawer by using practical wooden trays

Get close to the details on your face using this elegant and functional makeup mirror with LED lighting



Prevent your things from sliding around inside the drawer by using the anti-slip rubber mats which are part of standard delivery

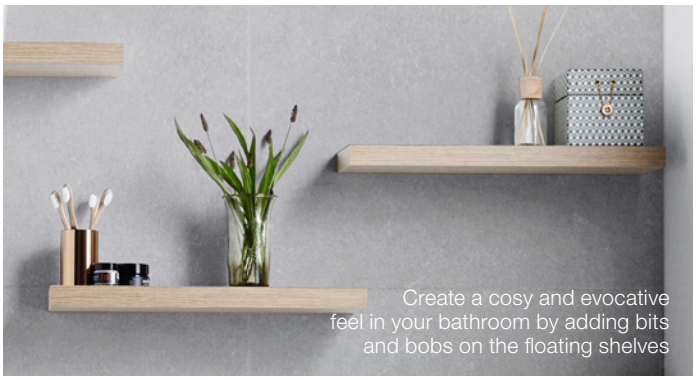
Get the laundry off the floor by using this practical laundry basket and keep things in order with useful wooden trays in tall units.



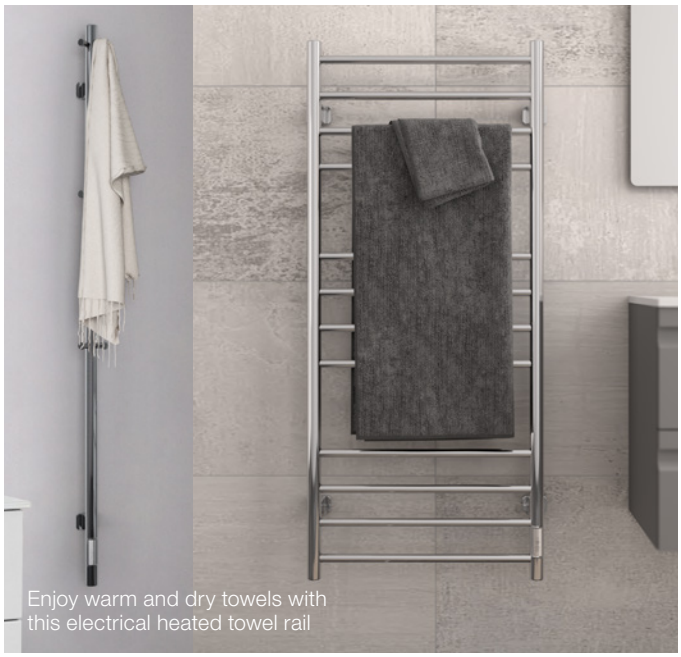
Get a good overview and create a pleasant light effect with internal LED lighting in tall cabinets and wall cabinets

Avoid mess - also in the tall drawers

Add a cosy atmosphere by using a LED light profile between basin and vanity unit



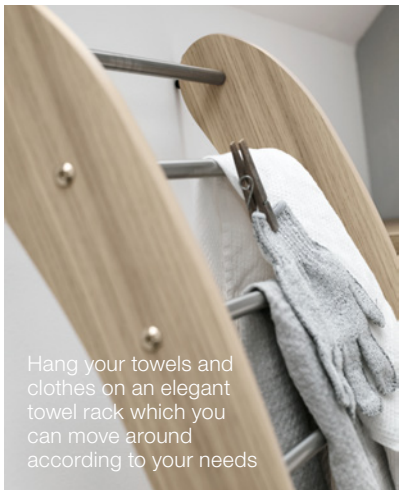
Create a cosy and evocative feel in your bathroom by adding bits and bobs on the floating shelves



Enjoy warm and dry towels with this electrical heated towel rail

Keep everything tidy by using wooden trays with metal organiser for brushes and makeup

Enjoy a dimmed LED light beneath the vanity unit when using the bathroom at night

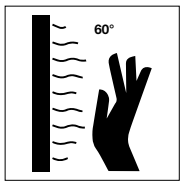


Hang your towels and clothes on an elegant towel rack which you can move around according to your needs

Get a quick overview of your belongings with in-built LED lighting in the drawers

Increase your well-being and comfort with a heated towel rail

· Warm and dry towels always to hand in the bathroom
· Avoid extra moisture from wet towels
· Your towel rail is easy to install and is simply connected to a wall socket
· The rails consume only a small, sustainable amount of energy
· Control your power consumption through an easy-to-use on/off function
· Timer function, can be set to 2 or 4 hours (Lagoon og Thermal)
· Timer function, can be set at 1–12 hours (Viti, Kvika og Hydra)
· IP44 approved for wet rooms – may be positioned within 60 cm of the shower/bathtub
· 5 year warranty



Max. heat

On/off function

Optional hidden wiring which must be installed by an authorised electrician

Distance to wall

Lagoon

Practical and spacious model with two different heights and plenty of space for spreading out all the family's towels.

Thermal

Discreet and space-saving model with two different heights and four or six practical hooks.

Viti

Functional model featuring a modern design and a good height to ensure plenty of space for all the family's towels. Available in chrome and black.

Kvika

Tall and minimalistic model featuring six hooks at two different heights for both small and large towels. Available in chrome and black.

Hydra

A tall model that doesn't take up much wall space, featuring four hooks placed at two different heights and light indicator. Available in chrome and black.

Product information

SOLID SURFACE BASINS AND WORKTOPS
Solid Surface basins and worktops basins are made from a robust composite material with a waterproof surface that is easy to clean. Please note: The slim basin design means the basin and worktop must be supported by furniture under the full width.

PORCELAIN BASINS
Dansani porcelain basins are manufactured from genuine sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard, smooth and glossy surface which is easy to clean.

GLASS BASIN
Dansani glass basins are easy to clean and resistant to normal cleaning agents. The basins have white lacquer on the underside and are produced in a special crystal clear glass finish with a much clearer appearance than standard glass due to less iron oxides in the glass itself.

NOTE RE. THE CANTO, MARCATO, SONATE , EDGE, LARGO AND MINORE BASINS
These basins come without overflow. Unless a concealed overflow system is purchased (not suitable for Sonate) we recommend that a free flowing waste should be installed.

CABINETS/VANITY UNITS
Price group #1:
Cabinets in white matt, white gloss, grey matt, Nordic oak, brown oak and ash grey are made of 16 mm smooth, melamine-coated particle board with ABS edges.
Cabinets in white matt with integrated handles and in black matt with integrated handles consist of 16 mm MDF wood fibreboards coated with foil.

Price group #2:
Cabinets in black and grey rubber, as well as white matt, are lacquered with moisture-resistant, two-component polyurethane lacquer.

Price group #3:
Driftwood cabinets consist of 16 mm over-veneered MDF boards with wooden edges, lacquered with moisture-resistant, two-component lacquer that gives a robust and easy-to-clean surface.
Cabinets in a customer-chosen colour is lacquered with a matt colour from the NCS standard colour assortment or RAL Classic K7.

The cabinets of all series are delivered together with rear panels and adjustment brackets for wall mounting. The cabinets are delivered as standard with aluminium finished bases and rear panels. Tall cabinets, wall cabinets and base cabinets are also delivered as standard with 4 mm glass shelves with polished edges.

Optional extras are available such as push-open in selected cabinets and built-in LED light inside the cabinets, laundry bags and wooden trays. For more information on optional extras, please see the price list.

DOORS AND FRONTS
Price group #1:
Smooth doors and fronts in white matt, white gloss, grey matt, Nordic oak and ash grey are made of 18 mm MDF wood fibreboards coated with foil. The brown oak fronts are made of 19 mm melamine-coated particle board with ABS edges.
Fronts with integrated handles in white matt and black matt consist of 22 mm MDF wood fibreboards coated with foil.

Price group #2:
Doors and fronts in black and grey rubber, as well as white matt, are lacquered with a moisture-resistant, two-component polyurethane lacquer, and all fronts are delivered with integrated handles.

Price group #3:
Driftwood doors and fronts with integrated handles consist of 22 mm over-veneered MDF boards with solid wooden edges, lacquered with moisture-resistant, two-component lacquer that gives a robust and easy-to-clean surface.
Doors and fronts in a customer-chosen colour is lacquered with a matt colour from the NCS standard colour assortment or RAL Classic K7.

All doors are fitted with metal clip hinges that can be adjusted in 3 directions. The doors are fitted with exclusive dampers that ensure that the doors close softly and silently.

DRAWERS
The drawers have metal sides with concealed drawer runners. They are fully extendable, self-closing and have a soft-close function. The top drawer features a cut-out for waste fittings. The drawers are fully adjustable. Rubber mats are standard equipment in all drawers.

Optional extras such as LED light profiles between basin and vanity unit, LED lighting in drawers, wooden trays, handles and push-open kit are available. For more information on optional extras, please see the price list.

MIRRORS WITH DIFFERENT LIGHT SOURCES
The mirrors are available with integrated LED lighting or with different external lights. All mirrors are delivered together with wall fittings. Optional heat panels to reduce mist on the mirror can be purchased for selected models. For further information about electrical specifications, optional extras and IP approvals see the price list and from page 86.

MIRROR CABINETS
All mirror cabinets come as standard with integrated socket and double-sided mirror doors with adjustable hinges and dampers that ensure that the doors close softly and silently. Tops, bases and rear panels are in alu look finish. Optional extras such as placing the socket on the left side, built-in energy-saving LED side lighting and LED underlights can be purchased for selected models. For further information about electrical specifications, optional extras and IP approvals see the price list and from page 86.

Mirrors and mirror cabinets with adjustable light come with the 12 V lighting system that offers you the following options:

1. Touch control that remembers the last settings:
   - On-off function
   - Variable dimming with 4 pre-sets
   - Variable colour temperature control of your light (2100 – 6500 K)* with 4 pre-sets

The electronic light adjustment function requires a 5 second interval between activating the off/on touch switch to remember its last setting.

2. Excellent colour rendering (Ra 90+)

*) 2100K is a very warm, almost reddish light and 6500K is far colder, almost blueish

CEILING LIGHT

Our ceiling lights come with the 230V lighting system, offering you the following advantages:

1. Optimised quality and efficiency with high light output, low heat generation and long lifetime.
2. Standardised light between room and product light sources creates uniform, harmonious lighting in the room (3150 K).
3. Best colour rendering in the market (Ra 95+)

ROOM LIGHTING

Our Venus and Jupiter ceiling lights and the Jupiter pendant are all part of the standard 230V system with 3150K, but can also be dimmed by a dimmer switch. Further they can be combined with controllable-lighting products, but the light uniformity depends on the user's settings.

WOODEN TRAYS

Functional storage trays for drawers, which can also be moved elsewhere as required. The trays are made of solid oak. To maintain the wood we recommend our white pigmentation wood care-oil.

HANDLES

For furniture with plain fronts handles can be chosen from our large selection of designs and colors.

FITTING INSTRUCTIONS

Are included with all orders.

WARRANTY

There is a 10 year warranty against manufacturing defects. On heated towel rails there is a 5 year warranty.

For further information regarding quality and tolerances please visit www.dansani.co.uk.

Pratical information

BEFORE YOU ORDER

The ranges are produced to order. Therefore we have a lead time of 2 weeks. Time of delivery for cabinets in bespoke colours is 5 weeks.

– Always indicate carcass colour.
– Remember accessories e.g. towel rails, trays for drawers and handles.

BEFORE YOU FIT THE FURNITURE

Please read the fitting instructions carefully before commencing installation. All plumbing work should be carried out by a competent plumber. Please note that the dimensions of the basins are subject to variation within the margins indicated. Fitting of the product signifies acceptance of the quality.

MAINTENANCE

Please always read the folder (enclosed with the furniture on delivery) which contains advice and instructions on the maintenance of your furniture. Always read the instructions and declaration of contents of any cleaning agents before you use them on your new furniture. Cleaning materials containing abrasives and strong acids should not be used. Please make sure that basin and furniture are dried after use. This will make the cleaning easier and avoids your furniture being damaged by moisture.

GENERAL

Dansani reserve the right to make any alteration to the products and make product improvements without prior notice. Dansani cannot be held liable for errors due to misprints. Dansani have an ongoing policy of design, development and improvement , we therefore reserve the right to modify specification and prices without prior notice.

Special orders and furniture that has been fitted cannot be returned.

Please visit www.dansani.co.uk for further information.

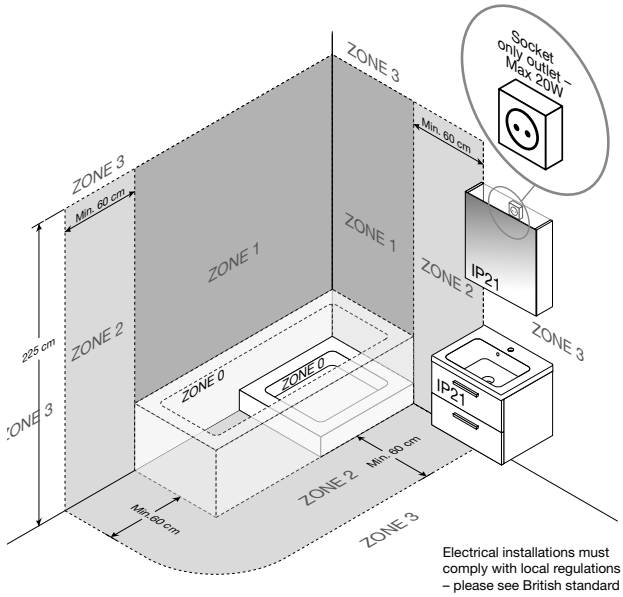
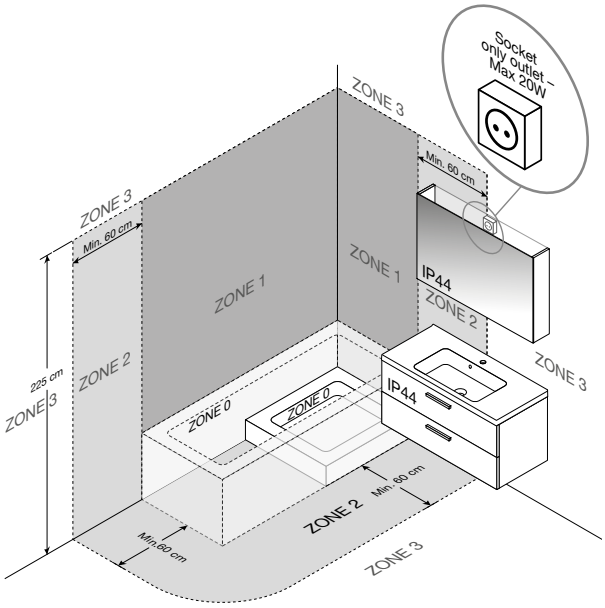
Dansani a safe choice is your guarantee

Special requirements apply to electrical installations in your bathroom, as water may conduct electricity and cause electrical shocks. Depending on where in the bathroom you want your lighting or furniture with electrical components (socket or light), there are special requirements to the IP classification of the product. The IP code is an international standard that indicates the degree of protection provided against water and other foreign bodies. The first digit indicates the degree of protection against dust while the second digit indicates the degree of protection against ingress of water.

At Dansani your safety is our priority. All the electrical parts in our furniture have therefore been pre-fitted to guarantee safe installation. At the same time, we wish to give you an opportunity to maximise the use of the space in your bathroom. Consequently, we have a wide range of IP44-approved products so you can place your furniture as close as possible to water whilst retaining all the storage space you need.

The following illustrations show how furniture with electrical components can be placed in bathrooms with a bath tub or shower. Naturally, a sufficient shower screen should always be used to prevent moisture damage to your furniture. For more information, see “Service” at www.dansani.co.uk.





Zone 0: The wettest part of the bathroom, i.e. the inside of the bath tub or the base of the shower, if applicable. There are strict requirements to electrical installations in this area. Always ask an authorised electrician.

Zone 1: From the outside of the bath tub or shower base to 2.25 m vertically above floor level. No mirrors or furniture with electrical components may be installed in this area.

Zone 2: A limited area covering a radius of 60 cm from the outside of the bath tub or shower base and areas more than 2.25 m above floor level. A minimum of IP44 classification is required in this area, and no 230V power points are permitted. Dansani has a range of IP44 mirrors that can be placed throughout zone 2, while IP44-approved mirror cabinets and washstands with shaver points can be placed in both zones provided the actual socket is placed in zone 3.

Zone 3: The rest of the room. This zone requires IP20 as a minimum, and 230V power points are permitted.

Our price lists show the IP classification of individual mirrors and mirror cabinets (IP21 or IP44).
All our furniture with electrical components is also CE-certified with indication of classification.
We recommend that you have the installation carried out by an authorised electrician in compliance with current legislation.

We assume responsibility

At Dansani, we assume responsibility and we take good care of our environment and the world that we live in. We've been doing this ever since our company was founded in 1983 and this approach is an integral part of our company DNA.

In 2015, the 17 Sustainable Development Goals were defined as a way of ensuring sustainable development towards 2030. By accepting these goals, the countries of the world are obliged to achieve some ambitious goals that guide both rich and poor countries in our fight to get rid of inequality, handle climate change, fight poverty and ensure better living conditions in terms of health, education, growth and work for everyone. In this way, these Sustainable Development Goals express our shared, global responsibility and represent the goal of the international community of creating a better world.

Our focus areas are:

- To develop our products in order to minimise their environmental impact during manufacturing, use and not least disposal
- To design quality products based on proud, Danish handicraft traditions which can be used for many, many years
- To use raw materials, water and energy in an efficient way in order to minimise our impact on the environment
- To limit emissions, waste and discharge stemming from our activities
- To maintain high levels of safety standards towards our employees and foster responsible environmental policies
- To improve our environmentally-based work in cooperation with our suppliers, customers and other partners

So, when you buy a Dansani product, you can rest assured that we actively assume responsibility and focus on the world that we live in.

Find out more about our initiatives by visiting www.dansani.co.uk.

SUSTAINABLE DEVELOPMENT GOALS

DANSANI IS COMMITTED TO SUPPORTING THE UN'S GLOBAL GOALS. FOR MORE DETAIL PLEASE VISIT DANSANI.CO.UK

Our Philosophy

Your bathroom is your personal breathing space, and no one can create it better than you. With Dansani, it is easy and inspiring to furnish your bathroom with functional and well thought-out solutions that adapt to the needs of the individual.

Danish design

The idea behind Danish design embraces functionality, simplicity, and naturalness, and is expressed in a timeless design. This is the starting point for every product embraced by the Dansani brand.

Functionality

Our products should be easy and comfortable to use, as well as being able to adapt to the size of the space through smart functions that are practical yet durable.

Craftsmanship

Both design and function must be supported by durable craftsmanship. The excellent cabinetry finish is consistent in all our products, evidenced by gorgeous materials and sustainable solutions.

Sustainability

At Dansani, being environmentally responsible is a given. Therefore, we have implemented several measures to reduce our environmental impact. We also focus on our own work environment, encouraging our suppliers to offer ethically responsible working conditions.
